It has been an eventful time, filled with celebrations of our students' achievements, our school anniversaries, special reading camps, and the Vesak festival across all branches. In this newsletter, parents, students, and staff will find useful information and insights into our journey. We are excited to share these monthly updates with you all. I extend my heartfelt thanks to our Coordinating Principal, Mrs. Kaushalya Illeperuma, for overseeing the publication of these newsletters, and to Mrs. Ruwani Fernando for preparing them.

A field visit trip to Ridiyagama Safari Park was organized by Leeds, Tissamaharama in May 31st along with KG1, KG2, P1 & P2 students.

Ridiyagama Safari Park is located in the Ridiyagama area of Sri Lanka and is spread over 500 acres of land. This Safari Park opened in 2016 and is one of a kind in Sri Lanka. The park primarily aims at housing major mammals and birds.

The park offers a unique opportunity to observe exotic animals in their natural habitat, making it a must-visit destination for our kids as well as for us also. From students' view point, this was an unforgettable experience that they have ever had.
